Somehow people got around the server password and is griefing us. How does my friend kick them?

So, I am trying to add a button to my game that only VIP server owners can use. For example, if you own a VIP server on Jailbreak, you can click a button to kick any player in the server.

How to kick/ban players from a private server? Hi! I have a private dedicated server which I have had alot of bad ppl joining. I've tried alot of ways to kick/ban these but I haven't succeeded and now I

This is something that should have been added a long time ago. Honestly, kicking out + banning people from private servers should be a standalone option, instead of having to block that
